Dornan Construction – Client Brochure

I designed a professional brochure showcasing Dornan services and company values for their clients. Using **company imagery and Adobe InDesign**, I created a visually appealing and informative piece that aligns with Dornan's brand identity, ensuring a polished, print-ready result.

This project highlights my ability to organise content and create high-quality marketing materials for corporate clients.

Video Presentation Design - Dornan Engineering Ltd.

I collaborated closely with Dornan's Health & Wellbeing Department to design a visually engaging video presentation highlighting the 2021 achievements of the Summerise Straca programme. Using PowerPoint, I developed a dynamic and professional slide deck that was converted into a video format for internal communications. The presentation incorporated key statistics, imagery, and messaging aligned with Dornan's brand and health-focused initiatives.

METRO**BRITISH AIRWAYS****WIN FLIGHTS TO ORLANDO
FOR YOU AND THREE FRIENDS!**

Metro and British Airways have invited three unique travellers to experience a day created just for them in Orlando – but the catch is the other two will along for the ride. Watch our short video of their first experience and answer a simple question for your chance to win flights to Orlando for you and three friends. Then don't forget to check back later in the week for another video and another chance to win. Whatever your idea of fun is, it's in Orlando.

DISCONNECT TO RECONNECT

Resting helps us make better decisions, lowers our risk of depression, boosts our memories, and improves our chances of staying healthy. Here are some simple tips:

- **Stop the "Noise":** Turn off your work phone and avoid social media to give your mind a real break.
- **Be Around Nature:** Spend time outdoors, whether it's a walk in the park, a hike, or just sitting in your garden. Nature has a calming effect and helps rejuvenate the mind.
- **Practice Mindfulness:** Take a few minutes each day to sit quietly and focus on your breathing. This can help reduce stress and improve your mental clarity.
- **Engage in a Hobby:** Do something you enjoy that isn't work-related to help you unwind. Whether it's reading, painting, playing a sport, gardening or whatever.
- **Ensure you're getting enough rest at night:** Good sleep is fundamental to your overall health and productivity.

Taking time to rest isn't a sign of weakness: it's a crucial part of staying healthy, productive and not making mistakes that could lead to harm to you and/or others.

Taking a break is essential for your wellbeing

But we often feel guilty when we do nothing - 'Switching Off' is difficult but essential to our wellbeing.

FOR THE WELLBEING OF ALL -

BE FRIENDLY AT WORK

Help maintain a positive and supportive environment

Benefits of Friendliness in the Workplace:

Boosts Knowledge Sharing: Makes it easier to talk and share skills.

Enhances Team Spirit & Morale: Helps everyone get along and support each other.

Reduces Stress: A friendly place makes work less stressful.

Improves Collaboration: Helps us work better together on projects.

Mitigates Conflicts: Keeps misunderstandings and tensions low.

H&W Department - Construction Industry

Designed a series of posters for the Health & Wellbeing Department to increase awareness of workplace initiatives. To solve the challenge of information overload, I simplified complex messages into clear, engaging layouts with strong typography and visuals. The result was a consistent, eye-catching campaign that improved visibility and encouraged employee engagement.

DORNAN
A Turner Company

Let's Use Mental Health Awareness Week to celebrate the power and importance of **COMMUNITY.**

We thrive when we have strong connections with other people and supportive communities that remind us, we are not alone. Communities can provide a sense of belonging, safety, support in hard times, and give us a sense purpose.

1 BELONGING

"No one builds alone—check in with your crew."
A quick "How's your day?" can make someone feel seen.

2 SUPPORT

"Spot your mates like you'd spot a scaffold."
Notice when someone's off—be the steady hand.

3 PURPOSE

"Every job has meaning—so does every role."
Remind your team their work—and presence—matters.

TAKE A COMPLIMENT —————> See one that fits someone? Rip it, share it, make

their day — or keep it for yourself if you need a boost.

Let's Talk About Menopause

Menopause is a **natural stage of life** that affects anyone who has periods, typically between the ages of 45 and 55, though it can happen earlier. Despite being common, menopause remains a taboo subject in many workplaces. Symptoms such as hot flashes, fatigue, and mood swings can affect daily work performance, even on construction sites.

What is Menopause?

Menopause is when periods stop due to lower hormone levels. Perimenopause, which happens before menopause, includes symptoms like irregular periods, anxiety, brain fog, and mood swings. These symptoms can last years before and after periods stop.

REMEMBER: Everyone plays a role in maintaining a respectful and supportive workplace.

WORLD MENOPAUSE DAY

How We Can Support Each Other:

Be Understanding:
Offer empathy and support if a colleague is dealing with symptoms.

Offer Assistance:
Help with physical tasks if someone is overwhelmed.

Respect Privacy:
Allow colleagues to keep their symptoms private if they wish.

Encourage Hydration:
Staying hydrated can help manage hot flashes and fatigue.

Promote Breaks:
Encourage short breaks to cool down or rest.

Raise Awareness:
Talk openly about menopause to reduce stigma and encourage support.
